

NGA Mentor-Protégé Program Outline

- Primary Focus of Products/Services: NGA desires Mentor-Protégé agreements that are creative, unique, and provide a 50 percent technology transfer component. NGA is looking for industry support in the areas such as GEOINT; Visualization; All Forms in the Electromagnetic Spectrum; Tasking, Processing, Exploitation, and Dissemination (TPED); Persistent Surveillance; Compressing Timelines; Horizontal Integration; Robust Forward Deployment; and Multi-INT, etc.
- Protégé Components Major Programs: Information Technology, Information Assurance/Information Security, GIS/Remote Sensing & Imagery Training, High End Systems & Hardware Development, and GIS Support.
- Component Eligibility Requirements: In accordance with DFARS 219.71, Appendix I, Policy and Procedures for the DoD Pilot Mentor-Protégé Program.
- Program Cycle Submission and Approval: EXECUTIVE SUMMARIES can be submitted for the consideration anytime during the first three quarters of each Fiscal Year (FY) from FY2011 through FY2015. During the 4th quarter of the fiscal year, a pre notification to the Small Business Program Office Director is required of your interest in the program to ensure funding is budgeted by the Office of the Secretary of Defense (OSD) for the coming fiscal year. Please submit your Executive Summary to the National Geospatial-Intelligence Agency, Mail Stop S84-ACB, 7500 GEOINT Drive, Springfield, Virginia 22150. See NGA's Mentor-Protégé Program Procedures.
